- Select the Program, then the Funding Source (you will typically select No Funding Source/Not Based on Funding Source, etc.)
- Select Yes or No to Include Sub Grants (you will typically select No).
- Then enter the appropriate date range. Printing as a Web Page will enable you to click on each percentage/value to drill down to clients records that make up that number. This is a good option if you are analyzing the data. However, if you need to print a hard copy, printing as a PDF is preferred.
