

Frequently Asked Questions
2018 Local Application Process

July 6, 2018

Q: At the top of the project application, it shows Agency Name, Project and Amount Requested. The amount requested field shows \$0.00 and the instructional guide does not show how that is updated.

A: Please use the budget documents to reflect all requested funds and match funds. This field does not have an option to edit, so be sure to include all accurate numbers in your budgets. As a reminder, please use the GIW figures sent to your agency in May for this budget if this is a renewal project.

July 18, 2018

Q: Are we able to make revisions to the agency section of our grants?

A: Agency applications were open June 13 – June 30, 2018. As of July 13, 2018, all agency applications have been scored. You may use the Documents Tab and the upload feature to include “Additional Information” as indicated on the document list. Please note that additional information may or may not be considered by the scoring and ranking team. They will need to follow scoring and ranking procedures for consistent reviews of all applications.
