Field Policy and Management

- Provides leadership and field coordination
- Customer service: HUD's "front door"
- Communicating and leading special initiatives

25 Cities Initiative

Key Federal strategy led by VA, in partnership with HUD and USICH through which 25 communities are receiving technical assistance and support, and are mobilizing local planning efforts and partnerships, to create the most effective systems for aligning housing and services through coordinated systems to end homelessness.

- 2nd 100 day goal:
Within 100 days, Southern Nevada will end homelessness for at least 45 high priority chronically homeless individuals and 200 homeless Veterans using our CAHP system.

Mayors Challenge

The Mayors Challenge can serve as a catalyst for expanding the political will necessary to end homelessness in our communities. On June 4, 2014, as part of the Joining Forces initiative, First Lady Michelle Obama announced the commitment of a growing coalition of mayors, governors, and county officials to meet the goal and called on additional mayors and local leaders to commit to ending Veteran homelessness in their communities by the end of 2015.
