

Before Starting the Project Application

To ensure that the Project Application is completed accurately, ALL project applicants should review the following information BEFORE beginning the application.

Things to Remember:

- Additional training resources can be found on the HUD Exchange at <https://www.hudexchange.info/e-snaps/guides/coc-program-competition-resources>.
- Program policy questions and problems related to completing the application in e-snaps may be directed to HUD the HUD Exchange Ask A Question.
- Project applicants are required to have a Data Universal Numbering System (DUNS) number and an active registration in the Central Contractor Registration (CCR)/System for Award Management (SAM) in order to apply for funding under the Fiscal Year (FY) 2017 Continuum of Care (CoC) Program Competition. For more information see FY 2017 CoC Program Competition NOFA.
- To ensure that applications are considered for funding, applicants should read all sections of the FY 2017 CoC Program NOFA and the FY 2017 General Section NOFA.
- Detailed instructions can be found on the left menu within e-snaps. They contain more comprehensive instructions and so should be used in tandem with onscreen text and the hide/show instructions found on each individual screen.
- New projects may only be submitted as either Reallocated or Permanent Supportive Housing Bonus Projects. These funding methods are determined in collaboration with local CoC and it is critical that applicants indicate the correct funding method. Project applicants must communicate with their CoC to make sure that the CoC submissions reflect the same funding method.
- Before completing the project application, all project applicants must complete or update (as applicable) the Project Applicant Profile in e-snaps.
- HUD reserves the right to reduce or reject any new project that fails to adhere to (24 CFR part 578 and application requirements set forth in FY 2017 CoC Program Competition NOFA.

2B. Experience of Applicant, Subrecipient(s), and Other Partners

1. Describe the experience of the applicant and potential subrecipients (if any), in effectively utilizing federal funds and performing the activities proposed in the application, given funding and time limitations.

CCSS, the applicant of the project, is a unit of local Clark County Government that was established to provide financial assistance to eligible applicants for rent, mortgage & utility payments. For 45 years, CCSS has provided a wide variety of services to indigent residents who are not assisted by other state, federal or local programs. CCSS is responsible for serving individuals throughout Clark County, rural & urban areas. The Resources & Development Unit coordinates outreach services for the homeless and intensive case management services that are provided through community collaborations & partnerships maximizing resources within Clark County. This grant is part of Clark County's 10 point plan to end homelessness by increasing housing capacity for homeless & at risk individuals.

CCSS provides a safety net of human services for Southern Nevada by providing support to low-income, at-risk & high risk populations attaining self-sufficiency. Various services provided to support this mission include providing rental assistance to eligible residents under the Financial Assistance Service (FAS) program. As of June 23, 2017, CCSS provided \$5,785,338 to clients in rental assistance under the FAS program.

Since July 2008, CCSS has grown to administering \$6 million in annual HUD CoC funding. This includes the current permanent supportive housing project New Beginnings (NB) which was originally funded to serve 71 individuals, and is currently serving more than 163 Veterans and Non-Veterans experiencing chronic homelessness, transition age youth and adults ages 18 and older, chronic substance use disorders, persons with HIV/AIDS, severely mentally ill, and persons with physical and/or developmental disabilities. For the program year ending June 30, 2016, outcomes achieved include 100 percent data quality in HMIS & an average bed utilization rate of 102% with 88%nt of persons served achieving housing stability.

CCSS receives \$658,770 annually in grant funding from the State of Nevada to provide emergency housing assistance to families and seniors in the community under the Welfare Set Aside Program (WSAP). During the period of July 1, 2016-June 30, 2017 the WSAP funding provided \$658,770 of emergency housing assistance to 629 households or 1,485 people.

In 2009, CCSS was a grantee from HUD & a subrecipient from the State of Nevada & the City of North Las Vegas for Homeless Prevention Rapid Re-housing Program (HPRP) funds totaling \$4,170,265. Under the "No Wrong Door" model sourced to HPRP, homelessness was prevented or ended for 3,489 individuals or 1,287 households. This was accomplished at a cost of less than \$1,200 per individual.

The Living Beyond Program (TLP/MGH) funded by the Administration for Children and Families, Family Youth Services Bureau (FYSB) provides housing assistance and case management to runaway youth and youth experiencing homelessness with an annual budget of \$200,000. As of 4/30/2017, 73 youth have been served with transitional housing, educational, and employment related services since program inception.

Since September 2014, CCSS has been awarded a subcontract from the State of Nevada Department of Health and Human Service's Substance Abuse and Mental Health Services Administration (SAMHSA) for The Vivo Project for the Nevada CABHI-State Supplemental (CABHI-SS). The CABHI-SS grant provides the staffing for Intensive Case Management & evidence-based treatment for Veterans with severe mental illness experiencing homelessness & individuals with co-occurring mental health and substance use disorders experiencing chronic homelessness. Also in September 2014, CCSS was awarded a three year grant directly from SAMHSA to provide supportive services to 50 eligible participants per year from the Grants to Benefit Homeless Individuals with Supportive Services to complement the CABHI-SS grant & provide a complete continuum of service delivery.

Reimbursement requests for these federally funded grants are completed monthly & reports are submitted as required, based upon each funder's reimbursement policies. During fiscal year 2014, a federal site visit was conducted by FYSB where there were no fiscal or programmatic findings. In May 2017, CCSS was monitored by HUD for Healthy Living, NB, and The Vivo Housing Project and there were no fiscal or programmatic findings for these HUD funded programs.

Using a Housing First model, program participants have an increased sense of security due to immediate housing placements allowing for a comfort level in accessing other supportive services, counseling & assistance. Program participants are placed in scattered site housing within local affordable housing complexes across Clark County to meet individual location & comfort needs.

As the HMIS Administrator, CCSS has overseen related HMIS activities since the 2011 CoC competition which expanded HMIS capabilities & functionality to support the local CoC with the implementation of the HEARTH Act & other HUD HMIS guidance. The 2013 renewal provided implementation of the vulnerability index & service prioritization assessment tools and HUD data standards integration, migration & transitional reporting. The 2014 renewal continued to integrate capabilities for coordinated intake functionality & prioritization, performance measurement reporting, housing inventory controls & multiple system interfaces. The 2015 renewal implemented prescreen tools and refinement of existing tools for coordinated intake, updates to the 2016 HUD data standards & programming enhancements. The 2016 grant integrates coordinated intake tools for assessing other subpopulations including youth, families & those fleeing domestic violence; updating current tools to refine prioritization; integration of functions to capture system performance measures; & updates to the 2017 HUD data standards. The grant also continues to provide programming for report customization, data analysis & support.

2. Describe the experience of the applicant and potential subrecipients (if

New Project Application FY2017	Page 20	09/16/2017

any) in leveraging other Federal, State, local, and private sector funds.

CCSS serves as the fiscal agent for a host of federal grant programs including Transitional Living Program through the Family and Youth Services Bureau (FYSB), Ryan White through Health Resources and Services Administration (HRSA), and Continuum of Care funding through Housing and Urban Development (HUD). Each of these grants was awarded to CCSS, who serves as the fiduciary agent and subgrants the funding to local nonprofits for program implementation. Via a regional homeless interlocal agreement, CCSS leverages joint funding with four (4) other local government jurisdictions (Boulder City, Henderson, Las Vegas, North Las Vegas) to provide inclement weather shelter services, and HMIS administration.

In 2000, CCSS became the administrator of the State of Nevada Welfare Set-Aside funds (WSAP) for Southern Nevada which provides rental, utility, and relocation assistance for eligible households. In 2005, CCSS became the fiscal agent for State funding which provided services for homeless storage facilities, mobile crisis intervention, housing, and intensive case management for the chronically homeless. CCSS also serves as the collaborative applicant coordinating the local Continuum of Care and submits the consolidated application.

In July 2014, CCSS became the single access point location for the Southern Nevada Continuum of Care (CoC) Coordinated Intake for households without children. All households without children entering CCSS are assessed for CCSS services, services available through the Continuum of Care (CoC) as well as services throughout the community utilizing the Southern Nevada Community Housing Assessment Tool. Coordinated intake for the sub-populations of families, youth, and survivors of domestic violence are anticipated to be fully implemented by summer 2017 and will be integrated into CCSS programs upon county-wide implementation.

In January 2015, CCSS was notified of being awarded a new Permanent Supportive Housing Bonus project entitled The Vivo Housing Project. This grant provides 105 chronically homeless units to the community and acts as the first in-house permanent supportive housing project administered by CCSS. Two additional bonus projects were awarded in 2016: ClarkCountyFUSE – a PSH project and Keeping Families Together - a rapid-rehousing project.

During fiscal year 2016 (July 1, 2015-June 30, 2016), CCSS was awarded various federal grants to include five from HUD, one from FYSB, two from Substance Abuse and Mental Health Services Administration (SAMHSA), and one from HRSA.

In July 2016, CCSS was awarded a State Social Service Block Grant through the Fund for a Healthy Nevada which utilizes \$235,000 for bridge housing resources for clients pending eligibility determination for permanent housing.

3. Describe the basic organization and management structure of the applicant and subrecipients (if any). Include evidence of internal and external coordination and an adequate financial accounting system.

CCSS programs operate Monday through Friday from 8:00 AM – 5:00 PM, closed on weekends and all federal holidays. Subcontractors assigned to

provide intensive case management have contracts through CCSS and other community providers. Subcontractors operate nontraditional work hours to meet the ongoing needs of the individuals enrolled in programs.

CCSS provides oversight and fiscal management to support the work completed by contracted agencies. CCSS monitors in HMIS all housing related services including housing placements and case notes. Regular desk audits in HMIS are conducted monthly and onsite monitoring is conducted annually to ensure program compliance and deliverables are adhered to per contractual agreements.

The management plan is governed by the CCSS management teams. The Resource and Development Unit (RAD) meets monthly with executive management to monitor program delivery, address any programmatic concerns, and monitor the plan. The executive management team ensures effective and timely completion of all work by holding the project director and staff accountable through monthly reporting and status reports.

Referrals and client progress are monitored in HMIS by CCSS. If it becomes apparent that the program is not meeting its outcomes, policies and procedures are reevaluated with partners with a plan of improving the program. CCSS provides oversight and fiscal management of the HUD funded grant and works collectively with partners to hold subcontracts accountable to the delivery of service provision.

CCSS's accounting practices use the SAP financial system to keep track of and control various funding sources. Each funding source is set up with a separate grant number in order to track and monitor expenditures of the various funding streams. Internal controls are established by the county's fiscal directives which pertain to grant management.

4a. Are there any unresolved monitoring or audit findings for any HUD grants(including ESG) operated by the applicant or potential subrecipients (if any)? No

3A. Project Detail

1a. CoC Number and Name: NV-500 - Las Vegas/Clark County CoC

1b. CoC Collaborative Applicant Name: Clark County Social Service

2. Project Name: STAR PSH

3. Project Status: Standard

4. Component Type: PH

5. Does this project use one or more properties that have been conveyed through the Title V process? No

3B. Project Description

1. Provide a description that addresses the entire scope of the proposed project.

STAR (Stability, Tenancy, Access, Restore) PSH (Permanent Supportive Housing) & STAR TH-RRH (Transitional-Rapid Rehousing) are complementary programs that meet the needs of veterans & households experiencing chronic homelessness; high vulnerable individuals, families & transition age youth (TAY) experiencing literal homelessness who have a mental illness or a co-occurring mental illness & substance use disorder (SUD); & high vulnerable homeless frequent users of high cost public systems such as jails & emergency rooms. Through supportive housing, tenancy support, access to treatment & health care benefits, STAR restores lives & provides resources to allow households obtain self-sufficiency. Utilizing a housing first client centered strategy, households achieve stability & wellness while addressing the underlying causes of homelessness.

STAR PSH provides \$481,270 in Intensive Case Management, \$400,337 as cash to match staffing overages, Supportive & Housing Related services, \$964,824 in PSH & \$124,720 in supportive services to 105 households experiencing chronic homelessness. The target population is comprised of 15 family households with at least 1 adult & 1 child & 90 households without children, 9 TAY, 10 high vulnerable households experiencing non-chronic homelessness & various frequent users of crisis services. Subpopulations include individuals with chronic SUD, severe mental illness, HIV/AIDS, physical & developmental disabilities.

STAR PSH clients access effective mental health & SUD treatment, medication management, primary medical care, psychosocial rehabilitation including life skills training, work readiness, employment assistance & an array of recovery support services designed to stabilize tenancy & maintain treatment gains. STAR PSH intensive case managers (ICM) engage clients to overcome the alienation that frequently accompanies long-term homelessness. Peer navigators or mentors help clients navigate through complex social service systems, acquire important self-management skills, help rebuild old family relationships & build new connections. SOAR certified ICMs enroll at least 65 percent of eligible program participants in Medicaid, Medicare & other mainstream benefit programs to stabilize tenancy & increase self-sufficiency. Program results include increases in permanent & stable housing, income & employment, retention in services & social connections; & reductions in alcohol &/or drug use, hospitalizations & criminal justice involvement.

The goals of STAR PSH are to provide client centered & evidence based permanent supportive practices to support the needs of the client, support Functional Zero sustainability efforts of ending Veteran Homelessness achieved in 2015 & ending homelessness of all subpopulations by 2020 as outlined in the "Opening Doors" federal plan to prevent & end homelessness & reduce incidences of utilization of high cost public systems.

2. Describe the estimated schedule for the proposed activities, the management plan, and the method for assuring effective and timely completion of all work.

STAR PSH operates Monday through Friday from 8:00am-5:00pm, closed on weekends and all federal holidays. Subcontractors and on-call CCSS staff assigned to provide intensive case management and assist with housing navigation operate nontraditional work hours to meet the ongoing needs of the individuals enrolled in the program.

The management plan is governed by the executive leadership of CCSS. The management plan will provide overall direction and guidance, develop outcomes, review model interventions and develop the program logic model. Leadership will meet quarterly to monitor the program, address any programmatic concerns and monitor the strategic plan. Leadership will ensure effective and timely completion of all work as outlined in the strategic plan by holding the project director and staff accountable through regular reporting and status reports.

STAR PSH has a year one grant start date of December 1, 2018. With carryover from the TVHP project, this program will be fully staffed and serving clients previously enrolled in TVHP. As of this writing, there are 50 clients currently in TVHP and 27 in bridge housing awaiting a PSH housing unit.

Staffing of STAR PSH includes 5 Family Services Specialists or similar class 27/28 position to serve as ICM; 1 Vocational Specialist to assist with job readiness; 1 Family Services Supervisor or similar class 30 position to oversee the day to day operations; 1 Administrative Specialist to assist with grant management requirements; and up to 2 Housing Navigators to support clients in housing searches, conduct HQS and ER inspections, and provide tenancy training to clients.

3. Will your project participate in a CoC Coordinated Entry Process? Yes

*** 4. Please identify the project's specific population focus.**

6. If applicable, describe the proposed development activities and the responsibilities that the applicant and potential subrecipients (if any) will have in developing, operating, and maintaining the property.

CCSS actively searches and develops ongoing relationships with apartment complex property management and property owners to educate them about the program objectives and the target population in order to foster relationships and adequately house clients.

CCSS maintains Memorandum of Understanding (MOU) with each landlord or property owner which clearly describes the property owner's responsibility in maintaining the property according to HQS standards, city and county codes, and other required regulations.

7. Will the PH project provide PSH or RRH? PSH

8. Will participants be required to live in a particular structure, unit, or locality, at some point during the period of participation? No

9. Will more than 16 persons live in one structure? No

Dedicated and DedicatedPLUS

A “100% Dedicated” project is a permanent supportive housing project that commits 100% of its beds to chronically homeless individuals and families, according to NOFA Section III.3.b.

A “DedicatedPLUS” project is a permanent supportive housing project where 100% of the beds are dedicated to serve individuals with disabilities and families in which one adult or child has a disability, including unaccompanied homeless youth, that at a minimum, meet ONE of the following criteria according to NOFA Section III.3.d:

- (1) experiencing chronic homelessness as defined in 24 CFR 578.3;
- (2) residing in a transitional housing project that will be eliminated and meets the definition of chronically homeless in effect at the time in which the individual or family entered the transitional housing project;
- (3) residing in a place not meant for human habitation, emergency shelter, or safe haven; but the individuals or families experiencing chronic homelessness as defined at 24 CFR 578.3 had been admitted and enrolled in a permanent housing project within the last year and were unable to maintain a housing placement;
- (4) residing in transitional housing funded by a joint TH and PH-RRH component project and who were experiencing chronic homelessness as defined at 24 CFR 578.3 prior to entering the project;
- (5) residing and has resided in a place not meant for human habitation, a safe haven, or emergency shelter for at least 12 months in the last three years, but has not done so on four separate occasions; or
- (6) receiving assistance through a Department of Veterans Affairs(VA)-funded homeless assistance program and met one of the above criteria at initial intake to the VA's homeless assistance system.

10. Indicate whether the project is “100% Dedicated,” or “DedicatedPLUS,” according to the information provided above. DedicatedPLUS

3C. Project Expansion Information

1. Will the project use an existing homeless facility or incorporate activities provided by an existing project? No

4A. Supportive Services for Participants

1a. Are the proposed project policies and practices consistent with the laws related to providing education services to individuals and families? Yes

1b. Will the proposed project have a designated staff person to ensure that the children are enrolled in school and receive educational services, as appropriate? Yes

2. Describe how participants will be assisted to obtain and remain in permanent housing.

In accordance with recommendations from the National Alliance to End Homelessness, a Housing First model is used in STAR PSH to stabilize clients in PH for at least 6 months. Housing First requires that the immediate and primary focus for assisting individuals experiencing homelessness be quick access & sustainable housing. The more quickly a person moves into PH, the sooner they can stabilize their life & address other issues. After housing, case-management, mental-health & SUD counseling, employment & other services help develop stability & self-sufficiency. ICM work to assist clients in accessing employment and/or mainstream benefits to ensure housing is not time-limited. Program follow-up addresses employment & mainstream benefit concerns. Life & job skill workshops address navigating systems for greater success. Housing is not contingent upon compliance with services, instead supports are provided to increase adherence to services successfully.

3. Describe specifically how participants will be assisted both to increase their employment and/or income and to maximize their ability to live independently.

The target population is representative of a diverse group of the hardest to serve individuals experiencing homelessness. Their individual needs require a comprehensive menu of supportive services and supportive employment options to include secondary and postsecondary education, occupational skills training, on-the-job training, job searching, employment readiness training, food, housing maintenance education, life skills, budgeting, money management, legal services, credit repair, mental health services, substance abuse counseling, anger management, transportation, clothing, and system navigation training. The accessibility and availability of these supportive services are available to each client as needed and transportation is coordinated and

arranged by intensive case management in order for the client to meet individual goals.

Some of these services are provided on site by ICM and others are coordinated in tandem with community service providers, mainstream systems, and qualified mental and physical health providers in order to afford the expertise and quality of care necessary for clients to make measurable outcomes.

Clients work with ICMs to complete employment applications and complete work readiness training. Using the knowledge developed during program life skill classes, clients are able to navigate employment systems. Clients receiving employment meet with ICMs following program exit to address any concerns with and to celebrate employment goals.

ICMs support program participants with accessing mainstream benefits and/or employment. Through SOAR coordination, program participants are able to access mainstream benefits. Program participants work with ICMs to complete all Medical, SSI/SSDI, Supplemental Nutrition Assistance Program (SNAP) applications, Low Income Heating and Energy Assistance Program (LIHEAP) and child care assistance. Follow-up case management encourages program adherence and helps clients meet service goals.

A self-sufficiency program is implemented to provide the greatest possible support for clients and project success. Four major components comprise the self-sufficiency program. These components include: intensive case management; program staff; educational and vocational training; and appropriate use of community resources via program staff.

5C. Outreach for Participants

1. Enter the percentage of project participants that will be coming from each of the following locations.

90%	Directly from the street or other locations not meant for human habitation.
10%	Directly from emergency shelters.
	Directly from safe havens.
	Persons fleeing domestic violence.
	Directly from transitional housing that was eliminated in the FY 2017 CoC Program Competition.
	Directly from the TH Portion of a Joint TH and PH-RRH Component project.
	Persons receiving services through a Department of Veterans Affairs(VA)-funded homeless assistance program (Eligible for JOINT projects if from TH or Emergency Shelters).
100%	Total of above percentages

2. Describe the outreach plan to bring these homeless participants into the project.

The outreach process includes Mobile Crisis Intervention Teams (MCIT), outreach workers, medical staff, & Coordinated Intake (CI) to identify prospective clients. MCIT operates in areas with a high density of homeless populations & works in the field directly with individuals experiencing homelessness, providing needed intervention, assessment, referrals to CI & other related services to address immediate crisis. MCIT recognizes that it takes 15 to 20 encounters for the team to develop trust with individuals experiencing homelessness; they build trust by maintaining visibility in high need areas & providing bottled water, bus passes for verified appointments, information & community referrals. These outreach efforts are coordinated with recommendations from municipalities to address encampment interventions & clean ups. MCIT documents all interactions with individuals engaged in outreach activities including interventions, abatements & health/safety checks in places not meant for human habitation including drainage tunnels, washes, desert and neighborhood encampments. MCIT continually encourages individuals to engage in services & to come indoors for housing.

MCIT makes repeated introductions & invitations to appropriate programs in an effort to move individuals experiencing chronic homelessness into care. Once a trusting relationship has been established, MCIT conducts the SN-CHAT in the field or refers clients to CCSS, the access point for CI for households without children, to receive connections to STAR PSH or other programs that offer prevention, housing and other related services. Presumptively eligible STAR PSH clients may be bridge housed while awaiting a PSH placement. During this period of time, ICMs and the client work together to develop a PCCP that includes housing and supportive services. This allows services to be fully operational at the time of entry into the STAR PSH program.

5D. Discharge Planning Policy

1. Has the state or local government developed or implemented a discharge planning policy or protocol to prevent or reduce the number of persons discharged from publicly-funded institutions (e.g. health care facilities, foster care, correctional facilities, or mental health institutions) into homelessness or HUD McKinney-Vento funded programs? Yes

6A. Funding Request

1. Will it be feasible for the project to be under grant agreement by September 30, 2019? Yes

2. Is the project proposing to using funds reallocated from the CoCs annual renewal demand OR is the project applying for funding through the permanent housing bonus? Reallocation

3. Does this project propose to allocate funds according to an indirect cost rate? No

6F. Supportive Services Budget

Instructions:

Enter the quantity and total budget request for each supportive services cost. The request entered should be equivalent to the cost of one year of the relevant supportive service.

Eligible Costs: The system populates a list of eligible supportive services for which funds can be requested. The costs listed are the only costs allowed under 24 CFR 578.53.

Quantity AND Description: This is a required field. A quantity AND description must be entered for each requested cost. Enter the quantity in detail (e.g. 1 FTE Case Manager Salary + benefits, or child care for 15 children) for each supportive service activity for which funding is being requested. Please note that simply stating "1FTE" is NOT providing "Quantity AND Detail" and limits HUD's understanding of what is being requested. Failure to enter adequate 'Quantity AND Detail' may result in conditions being placed on an award and a delay of grant funding.

Annual Assistance Requested: This is a required field. For each grant year, enter the amount of funds requested for each activity. The amount entered must only be the amount that is DIRECTLY related to providing supportive services to homeless participants.

Total Annual Assistance Requested: This field is automatically calculated based on the sum of the annual assistance requests entered for each activity.

Grant Term: This field is populated based on the grant term selected on Screen "6A. Funding Request" and will be read only.

7D. Certification

A. For all projects:

Fair Housing and Equal Opportunity

It will comply with Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000(d)) and regulations pursuant thereto (Title 24 CFR part I), which state that no person in the United States shall, on the ground of race, color or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination under any program or activity for which the applicant receives Federal financial assistance, and will immediately take any measures necessary to effectuate this agreement. With reference to the real property and structure(s) thereon which are provided or improved with the aid of Federal financial assistance extended to the applicant, this assurance shall obligate the applicant, or in the case of any transfer, transferee, for the period during which the real property and structure(s) are used for a purpose for which the Federal financial assistance is extended or for another purpose involving the provision of similar services or benefits.

It will comply with the Fair Housing Act (42 U.S.C. 3601-19), as amended, and with implementing regulations at 24 CFR part 100, which prohibit discrimination in housing on the basis of race, color, religion, sex, disability, familial status or national origin.

It will comply with Executive Order 11063 on Equal Opportunity in Housing and with implementing regulations at 24 CFR Part 107 which prohibit discrimination because of race, color, creed, sex or national origin in housing and related facilities provided with Federal financial assistance.

It will comply with Executive Order 11246 and all regulations pursuant thereto (41 CFR Chapter 60-1), which state that no person shall be discriminated against on the basis of race, color, religion, sex or national origin in all phases of employment during the performance of Federal contracts and shall take affirmative action to ensure equal employment opportunity. The applicant will incorporate, or cause to be incorporated, into any contract for construction work as defined in Section 130.5 of HUD regulations the equal opportunity clause required by Section 130.15(b) of the HUD regulations.

It will comply with Section 3 of the Housing and Urban Development Act of 1968, as amended (12 U.S.C. 1701(u)), and regulations pursuant thereto (24 CFR Part 135), which require that to the greatest extent feasible opportunities for training and employment be given to lower-income residents of the project and contracts for work in connection with the project be awarded in substantial part to persons residing in the area of the project.

It will comply with Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794), as amended, and with implementing regulations at 24 CFR Part 8, which prohibit discrimination based on disability in Federally-assisted and conducted programs and activities.

It will comply with the Age Discrimination Act of 1975 (42 U.S.C. 6101-07), as amended, and implementing regulations at 24 CFR Part 146, which prohibit discrimination because of age in projects and activities receiving Federal financial assistance.

It will comply with Executive Orders 11625, 12432, and 12138, which state that program participants shall take affirmative action to encourage participation by businesses owned and operated by members of minority groups and women.

If persons of any particular race, color, religion, sex, age, national origin, familial status, or disability who may qualify for assistance are unlikely to be reached, it will establish additional procedures to ensure that interested persons can obtain information concerning the assistance.

It will comply with the reasonable modification and accommodation requirements and, as appropriate, the accessibility requirements of the Fair Housing Act and section 504 of the Rehabilitation Act of 1973, as amended.

Additional for Rental Assistance Projects:

If applicant has established a preference for targeted populations of disabled persons pursuant to 24 CFR 582.330(a), it will comply with this section's nondiscrimination requirements within the designated population.

RE: STAR - PSH

To Whom It May Concern:

Clark County Department of Social Service (CCSS) seeks to provide a safety net of human services for the growing community of Southern Nevada. This safety net provides support to low-income, at-risk, and high risk populations attaining self-sufficiency. The Stability, Tenancy, Access, Restore - Permanent Supportive Housing (STAR PSH) program seeks to house 105 highly vulnerable individuals and families experiencing homelessness, in permanent supportive housing with the goal of helping them achieve stability and wellness.

CCSS is dedicated to supporting STAR PSH with cash match funds. CCSS is committing:

<u>Type</u>	<u>Source</u>	<u>Value</u>	<u>Date of Commitment</u>
In-kind	CCSS Local Government	\$400,337	12/1/2018-11/30/2019

For: Housing related and supportive services for clients directly linked to STAR PSH.

STAR PSH is an innovative project for Southern Nevada and will serve as a model for other programs supporting chronically homeless veterans, transition age youth, and families, transitioning from chronic homelessness to housing stability. If you have any questions or require further information, please contact me at 702-455-5722.

Sincerely,
