Accomplishments-Action Items Completed:

- Decision making process and governance for the group was determined. Written standards will be available in April.
- We will participate in a Coordinated Entry Forum for Large Cities along with Boston, New York, Philadelphia, Washington DC, San Francisco, Los Angeles and Seattle. First meeting will be April 11th via video conferencing from the local HUD office.
- One pager with access sites is being compiled.
- Discussing ways to ensure that the broader community is aware of the access sites.
 - Non-profit newsletters (NHA, HHH, United Way, etc...)
 - 211
 - Post a map on the HHH website
- HUD still has not released By-name-list (BNL) specs. Bitfocus will move forward with us to develop our own matrix so we have a BNL to use.
- Matchers and leads are striving to have consistency and equity across all sub-pops through ongoing discussions.
- Clarified that the tool used for clients is determined by age and household make-up.
- Community Queue: Total 1,592
 - 1,364 Adults without Children (AWOC)
 - 187 Families
 - 41 Youth/Transition Age Youth (TAY)
- Vacancies:
 - 2 PSH
 - 4 RRH
 - 2 TH

Near term: Action Items In-progress/Pending:

- Decision making and governance written standards expected to be complete in April.
- Matchers are working on writing their process, expectations, code of conduct and standardized report for vacancies and referrals
- Process for considerations for matching housing units the include room-mate situations
- Determine process for how to address folks who left the community via bus ticket programs and have returned and are in need of housing
