

# Moving On

Transitioning clients to  
independent living

# Moving On Programs

Enables people who are able and want to move on from permanent supportive housing (PSH) to do so by providing them with affordable housing, services, and resources to set them up for long-term stability and success.

**Primary Goal:** to support independence and choice for those who are ready and desire to move on from PSH.

Moving On may take the form of a physical move to a new home, or a 'transition in place' arrangement.

Transition services, such as community-based services, resource mapping, tenancy education, furniture, moving plans, and expenses are critical.

## Moving On Dual Benefit

Frees up PSH  
for people  
experiencing  
homelessness  
who need the  
intensive  
services

Supports  
choice and is  
positive for  
tenants who  
feel ready to  
make the  
transition  
from PSH

# Guiding Principles

- **Voluntary:** Tenants can make informed choice about if and when they want to engage in the Moving On process
- **Collaboration:** Requires collaboration of mainstream housing resources and community-based services with CoC and PSH providers
- **Shift to Greater Independence:**
  - PSH services evolve over time to position tenants for Moving On
  - Connections to mainstream supports ensures long term stability

## Moving On Policy & Procedures
