The Nevada Homeless Alliance works to create and strengthen these relationships to facilitate an effective and comprehensive systematic response to ending homelessness.

The Nevada Homeless Alliance engages collaborative strategies in the pursuit of making homelessness in Southern Nevada rare, brief, and one-time. This requires a multidimensional approach among government agencies, community organizations, the private sector, and citizens, including people experiencing homelessness and those who have in the past.

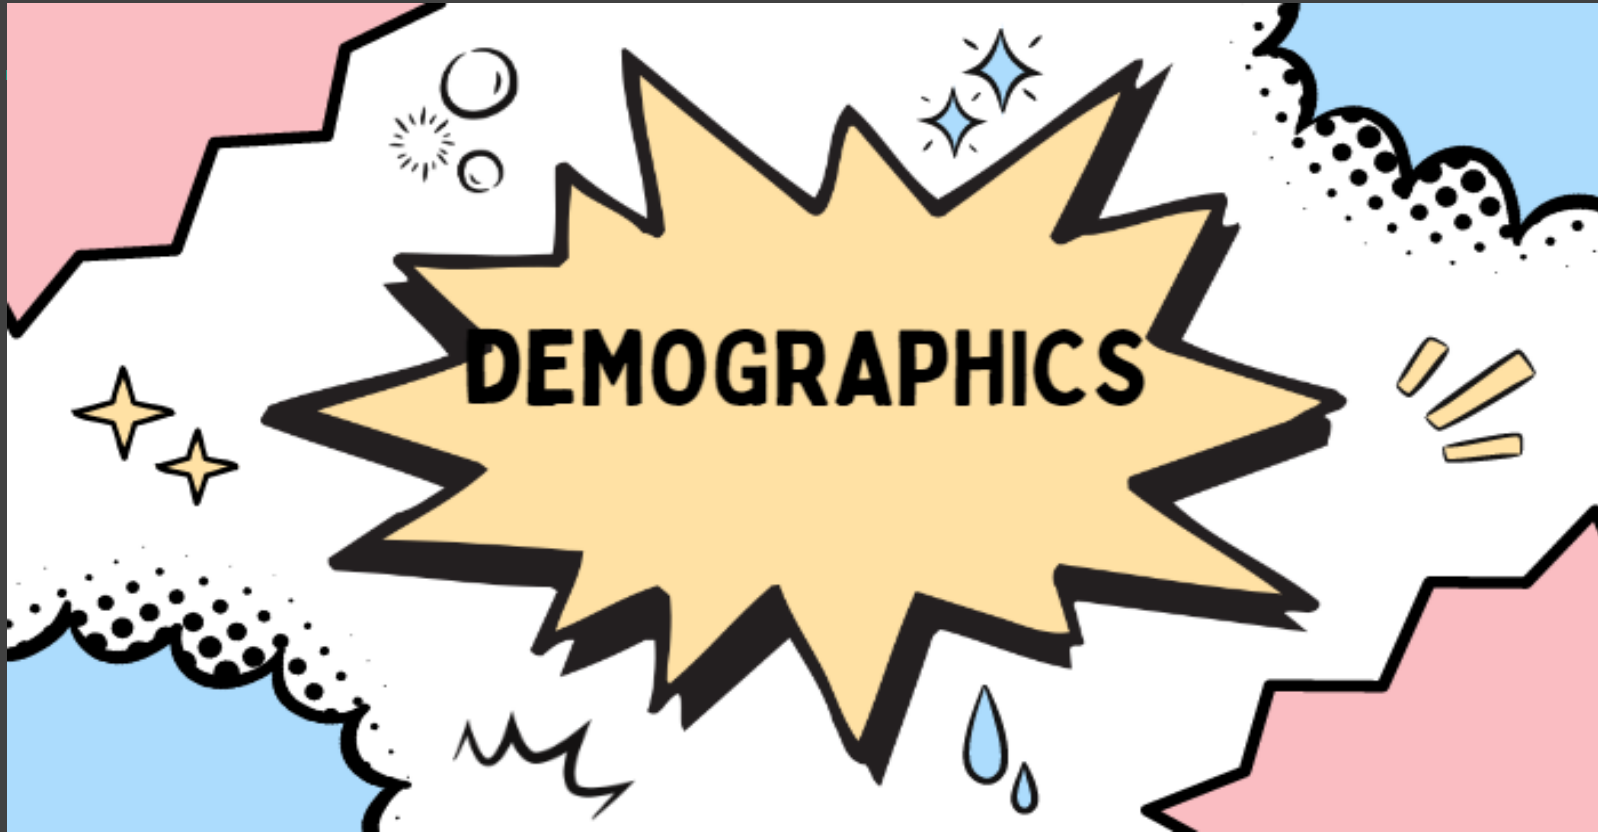

Who we are...

Southern Nevada Lived X Consultants, is a diverse team of consultants from a variety of backgrounds. Each of us has experienced significant housing instability or literal homelessness within our lifetime, and these experiences have shaped our perspective and contributed to our expertise around housing and homelessness.
