

# SOUTHERN NEVADA HOMELESSNESS CONTINUUM OF CARE (COC) GOVERNANCE STRUCTURE

The reauthorization of the  
SNRPC Committee on Homelessness (CoH) and Continuum of Care (CoC) based upon the HEARTH ACT

## Introduction / Background

The Southern Nevada Regional Planning Coalition (SNRPC) was established in 2000 and is comprised of elected officials from Clark County, City of Las Vegas, City of North Las Vegas, City of Henderson, City of Boulder City, and the Clark County School District. In 2003, a regional effort to address homelessness in Southern Nevada was established by the SNRPC and in turn created the SNRPC Technical Committee on Homelessness replacing the SNRPC Homelessness Task Force Work Group. Subsequently, the SNRPC Technical Committee on Homelessness adjusted their name to the SNRPC Committee on Homelessness (SNRPC CoH). The SNRPC CoH also acted as the approving body for the Continuum of Care Process. (*Reference Appendix H*) The SNRPC CoH consisted of eleven (11) members from each of the local jurisdictions, school district, law enforcement, mental health, and a homeless services representative.

In 2009, the Department of Housing and Urban Development (HUD) enacted the HEARTH Act that established a Continuum of Care (CoC) program to address homelessness and created specific rules, regulations, and procedures to be competitive for federal dollars. The HEARTH Act also includes a provision to establish a “governance structure” that ensures an opportunity for all stakeholders to be included and participate in the CoC program.

It has been recognized that Southern Nevada is ahead of most other communities throughout the country in creating a regional collaboration on homelessness issues, while respecting the individual political entities. As a result, this governance structure recognizes the initial regional framework designed by the SNRPC in 2003, while incorporating the rules and regulations enacted through the HEARTH Act and the CoC Program in 2009; hence the reauthorization of the SNRPC CoH and CoC into one cohesive structure in 2014, known as the Southern Nevada Homelessness Continuum of Care and the Southern Nevada Homelessness Continuum of Care Board (SNH CoC Board).

The SNH CoC strives to ensure that homelessness is rare, brief, one-time, and equitably addressed. We adhere that all persons will be treated equitably regardless of race, color, ethnicity, religion, sex, age, national origin, sexual orientation, gender identity, disability, physical/behavioral/mental health, education level or any other basis – no matter what.

## DEFINITIONS – Key Terms Defined For This Charter

**Ad Hoc Working Group(s)** – Ad Hoc Working Groups are established to work on projects or tasks of critical importance to the SNH CoC. Ad Hoc Working Groups will have varying durations, dependent on the topic or issue. Ad Hoc Working Groups are made up of staff from the participating agencies and sub-populations within the SNH CoC and may include members of the SNH CoC Board without establishing a quorum of the SNH CoC Board on any Ad Hoc Working Group.

**Champion(s)** – Individuals that serve as the lead (on behalf of the SNH CoC Board) to ensure activities and/or meetings are occurring as it relates to special projects, initiatives, working groups and ad hoc working groups in order to ensure the assignment, direction and timeframes are being met.

**Collaborative Applicant** – The collaborative applicant is the entity that submits the annual CoC Consolidated Application for funding on behalf of the CoC and is charged with collecting and combining the application information from all applicants for all projects within the CoC's geographic area.

**Community Stakeholders** – SNH CoC Board members that consist of for-profit(s), non-profit(s) and/or semi-public agencies which reflect the sub-populations defined within the HEARTH Act and have equal standing and voting privileges of Jurisdictional Stakeholders.

**Continuum of Care (CoC)** – Historically, under the McKinney Vento Act, the CoC was a local network that plans and coordinates funding for services and housing to assist homeless individuals and families. With the adoption of the HEARTH Act, the Continuum of Care (CoC) is an entity that implements the HUD CoC program and includes all who elect to participate and are concerned with and/or providing services to the various homeless subpopulations furthering the direction of the HEARTH Act (24 CFR 578 Subpart B).

**Continuum of Care (CoC) Coordinator**– The Continuum of Care Coordinator is a role that is responsible for coordinating key business items (particularly Federal mandates) on behalf of the CoC and SNH CoC Board and ensuring stakeholders are convened to get business done through a consensus model.

**Continuum of Care (CoC) Member** – A CoC member can be an individual, agency and/or department within a political subdivision who are concerned with and/or providing services to the various homeless sub-populations furthering the direction of the CoC. As it pertains to jurisdictional stakeholders, it is recognized that multiple departments exist within each jurisdiction (i.e., political sub-division). An agency and/or department with more than one individual representing that organization will be recognized as one member. (*Reference Appendix I*)

**Continuum of Care (CoC) Program** – In May of 2009, the HEARTH Act (24 CFR 578) enacted into law the consolidation of Shelter Plus Care, Supportive Housing Program and Single Room Occupancy grants authorized under the original McKinney Vento Act into a single grant program known as the Continuum of Care. The CoC Program is designed to:

- Promote a community-wide commitment to the goal of ending homelessness
- Provide funding for efforts to rapidly re-house homeless individuals and families
- Promote access to and effective use of mainstream programs
- Optimize self-sufficiency among individuals and families experiencing homelessness

**Convener** – A convener is an individual, group or agency responsible for bringing people together to address an issue, problem, or opportunity. In the context of collaborative leadership, it involves convening representatives from multiple sectors for a multi-meeting process, typically on complex issues. A convener, or group of conveners working together, might invite public officials, business professionals, or leaders of community or nonprofit organizations to participate. Conveners use their influence and authority to call people together to collaborate. The convener’s primary responsibility is to serve as the organizer and administrator of the collaboration, carrying out the preliminary and follow-up tasks that ensure the process proceeds smoothly.

**HEARTH Act** - Homeless Emergency Assistance and Rapid Transition to Housing Act

**Homeless Management Information System (HMIS)** – A Homeless Management Information System (HMIS) is a local information technology system used to collect client-level data and data on the provision of housing and services to homeless individuals and families and persons at risk of homelessness. The Continuum of Care is responsible for selecting a HMIS software solution that complies with HUD’s data collection, management, and reporting standards.

**Jurisdictional Stakeholders** – SNH CoC Board members that reflect the seats on the SNRPC and have equal standing and voting privileges of Community Stakeholders.

**Southern Nevada Regional Planning Coalition (SNRPC)** – On January 27, 2000, the Southern Nevada Regional Planning Coalition was established through a State Legislative action to work together on regional issues impacting all jurisdictions in Southern Nevada. The Coalition is comprised of political subdivisions within the Southern Nevada region and is represented by elected officials from each of the public entities, including the City of Las Vegas, City of North Las Vegas, City of Henderson, City of Boulder City, Clark County, and the Clark County School District. (*Reference Appendix D*)

**SNRPC Committee on Homelessness (CoH)** – On September 25, 2003, the Southern Nevada Regional Planning Coalition (SNRPC) established the Technical Committee on Homelessness (CoH) to oversee, coordinate, collaborate, plan, and address homeless issues and activities at a regional level, in an effort to address the needs of homeless persons in Southern Nevada. Through an Interlocal Agreement that is renewed annually, the SNRPC CoH city and county partners share costs (proportionately based on population) to assist with funding key homeless initiatives that support the coordination of federally mandated and/or core regional efforts to end homelessness (i.e., annual census, HMIS). (*Reference Appendix F*)

Upon the adoption of this governance structure as stipulated by the HEARTH Act, the SNRPC CoH and the CoC will officially converge and be known as the Southern Nevada Homelessness Continuum of Care Board (SNH CoC Board).

**Southern Nevada Homelessness Continuum of Care Board (SNH CoC Board)** - This is the official board acting on behalf of the Continuum of Care to take care of all related business requiring direction and/or formal actions and furthering the mission to end homelessness in Southern Nevada. Upon the adoption of this governance structure as stipulated by the HEARTH Act, the SNRPC CoH and the CoC will officially converge and be known as the Southern Nevada Homelessness Continuum of Care Board (SNH CoC Board).

The SNH CoC Board consists of two distinct groups: 1) Jurisdictional Stakeholders that reflects the seats on the SNRPC and 2) Community Stakeholders that reflects the sub-populations defined within the HEARTH Act as well as furthering the intent of the Continuum of Care.

**Steering Committee** – Given the size of the SNH CoC Board representing both jurisdictional stakeholders and community stakeholders, a Steering Committee is established to create clarity for the SNH CoC Board by focusing on the routine administrative business matters related to the CoC and SNH CoC Board, setting future SNH CoC Board meetings and agendas, strategic planning, coordination of the working groups, and review financial activities among other administrative items. The committee functions as a fact finding, research and development body pertaining to administrative functions and ultimately schedules such matters before the full SNH CoC Board for discussion, review and/or approval.

**Sub-population (homeless)** - For the purpose of the governance structure, sub-populations are referring to categories of individuals with related, yet distinct, needs that can be addressed through a continuum of care. Representation of the sub-population as required by the HEARTH Act must be reflected on the SNH CoC Board. (*Reference Section 3.2*)

**Unified Funding Agency (UFA)** – The organization that serves as the fiscal agent that is responsible for the fiscal oversight and administration of federal funds awarded to the CoC.

**Working Group(s)** – Working Groups are established to address mandates and/or topics of critical importance to the SNH CoC and specifically referenced in the HEARTH Act. Working Groups are ongoing in nature and made up of SNH CoC Board members, staff from local jurisdictions and CoC members representing sub-populations without establishing a quorum of the SNH CoC Board members on any of the Working Groups. Below are further definitions for each of the standing working groups:
