FALL 2023

HUD DEFINITIONS OF HOMELESSNESS

US Department of Housing and Urban Development (HUD) defines homelessness in these four categories. The categories are:

- (1) Individuals and families who lack a fixed, regular, and adequate nighttime residence and includes a subset for an individual who resided in an emergency shelter or a place not meant for human habitation and who is exiting an institution where he or she temporarily resided
- (2) Individuals and families who will imminently lose their primary nighttime residence
- (3) Unaccompanied youth and families with children and youth who are defined as homeless under other federal statutes who do not otherwise qualify as homeless under this definition*
- (4) Individuals and families who are fleeing, or are attempting to flee, domestic violence, dating violence, sexual assault, stalking, or other dangerous or life-threatening conditions that relate to violence against the individual or a family member.

*Those at risk of losing their primary nighttime residence may be served by communities who meet certain criteria. SNV does not meet the criteria at this time.

Definitions of Homelessness

(1) Literal homelessness

- Sleeping unsheltered, including a car, park, bus or train station, etc.
- Living in an emergency shelter or transitional housing
- Exiting an institution where they stayed for less than 90 days and were literally homeless immediately prior to entering

(2) At risk of homelessness

- Will lose primary residence within 14 days
- Has nowhere else to go
- Has no resources or support networks to obtain permanent housing

Definitions of Homelessness

- (3) Unstably Housed (Title I Education definition)
 - o Families with children or unaccompanied youth who are and are likely to remain unstably housed
 - Who have not had a lease or ownership of a housing unit in the last 60 or more days
 - Has had two or more moves in the last 60 days
 - May have disability or multiple barriers to employment

- (4) Fleeing/Attempting to flee domestic violence
 - Fleeing, or attempting to flee DV
 - Has no subsequent residence that has been identified
 - Has no resources or support networks to obtain permanent housing

Chronically Homeless

Live in a place not meant for human habitation, a safe haven, or in an emergency shelter

Have been homeless for 1 year or on at least 4 separate occasions in the last 3 years where the combined length of homelessness has been 12 months

Has a disability

Could it happen to you?

Experience a crisis

- Disability
- Job loss
- Natural disaster
- Domestic violence
- Loss of loved one

What would you do?

- Lean on savings?
- Borrow money from family or friends?
- Move in family or friends?

Access to resources

WHO EXPERIENCES HOMELESSNESS?

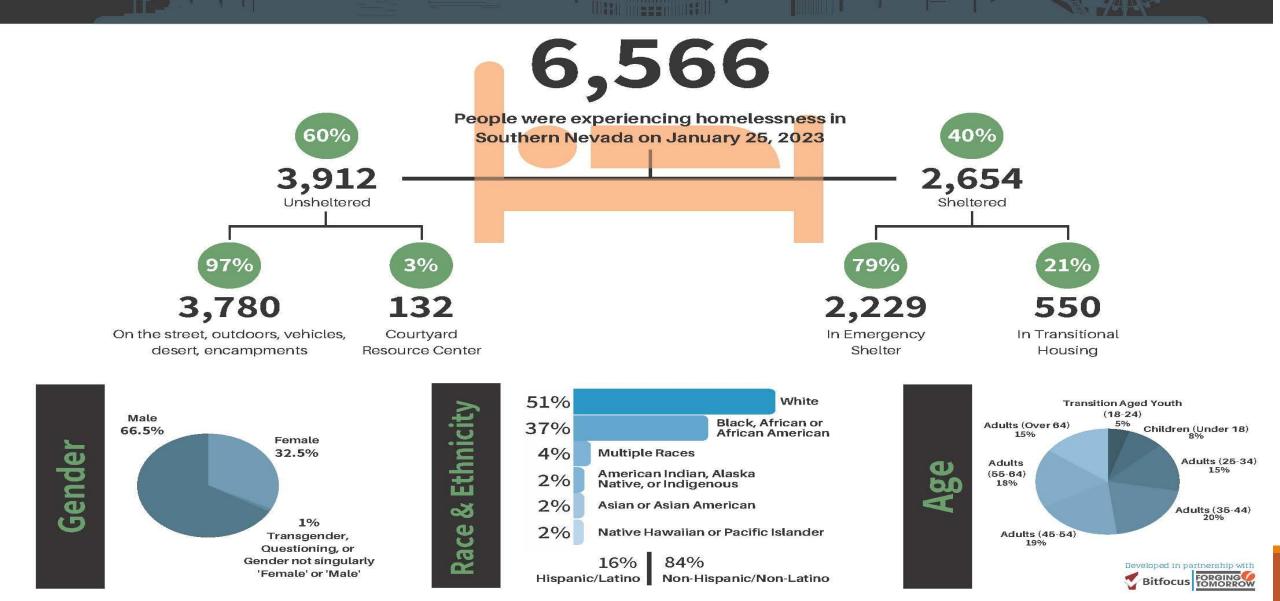

2023 Southern Nevada Point-In-Time Count

The 2023 Southern Nevada Point-In-Time Count was a community-wide effort conducted on January 25, 2023.

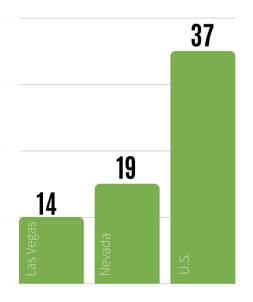

Affordable Housing

#1 greatest
shortage among
metro areas in the
Nation.

-73,158

the shortage of affordable and available rental homes for extremenly low income renters

86% of ELI households are extremely rent burdened

\$18.85 per hour just for rent

In Nevada, the Fair Market Rent
(FMR) for a two-bedroom apartment
is \$980 per month. In order to afford
this level of rent and utilities, without
paying more than 30% of income on
housing, a household must earn
\$3,266 monthly or \$39,198 annually.
Assuming a 40-hour work week at 52
weeks per year, this level of income
translates to an hour housing wage of
\$18.85 per hour.

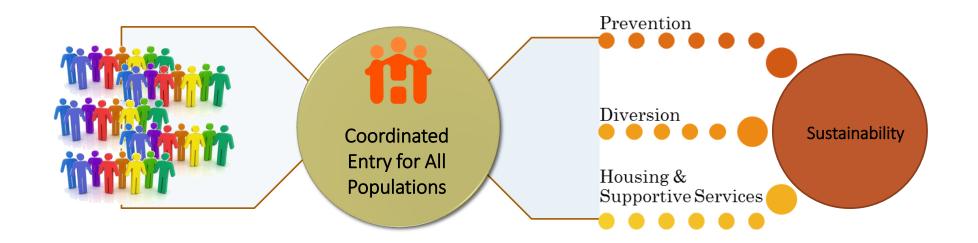

Setting a Path to Ending Homelessness in Southern NV

Requires having a system of care that **prevents** homelessness to the maximum extent possible, while seeking to ensure that homelessness, when it occurs, is **rare**, **brief** and limited to a **one time** occurrence.

This is done through the use of **proven practices**, **collaboration** and **civic engagement**.

A Healthy System of Care

When a system is **robust** with **programs** to serve **everyone** who seeks those services

A Healthy System of Care

Number of Households Experiencing Homelessness

If every person experiencing homelessness said they would like assistance today, we would have enough resources for everyone.

Who needs housing?*

3,580 Adults without Children **570** Persons in Families **417** Youth

The Southern Nevada Homelessness Continuum of Care (SNHCoC) is a regional planning body that coordinates housing and services funding for homeless families and individuals

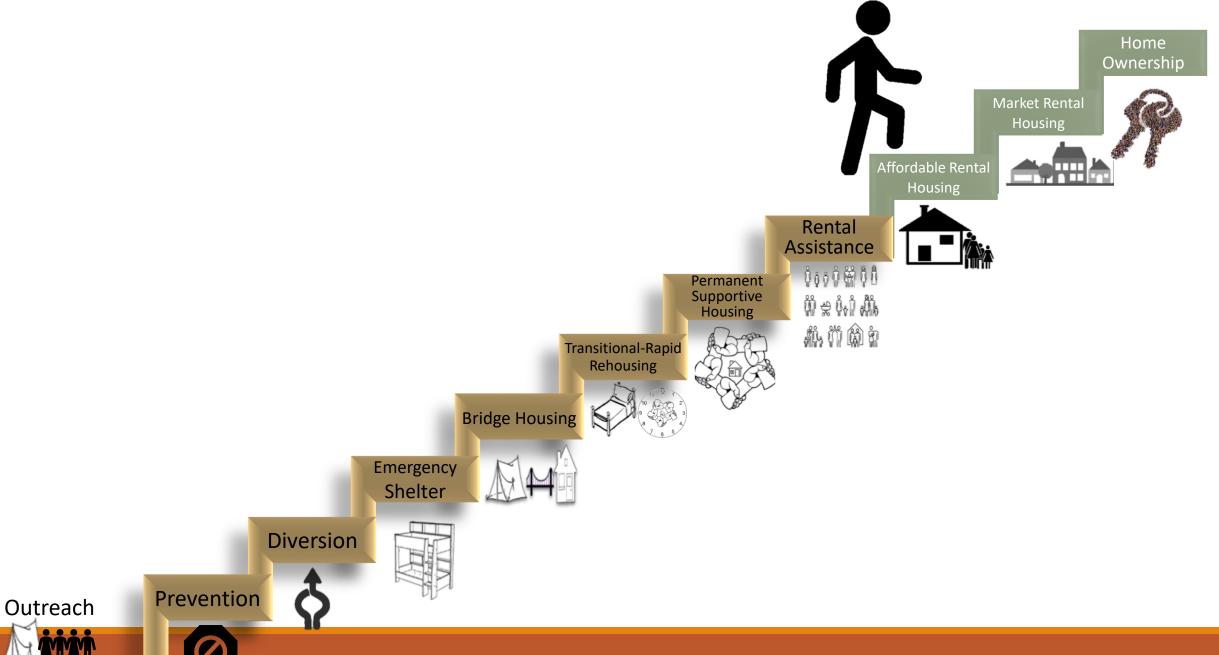

Visit
HelpHopeHome.org for more information.

Applies for and receives annual U.S. Department of Housing and Urban Development (HUD) CoC funds

Drives systemic change

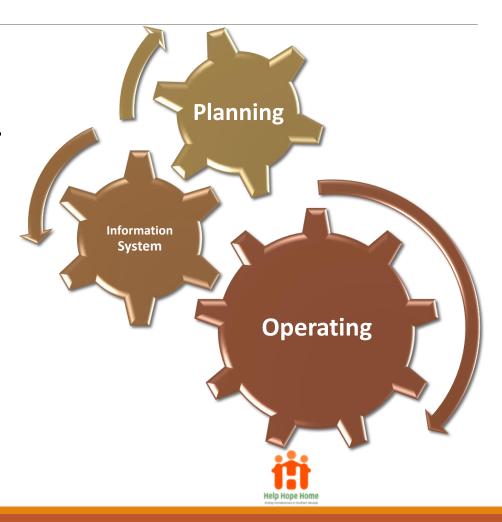

Promotes communitywide commitment to the goal of ending homelessness

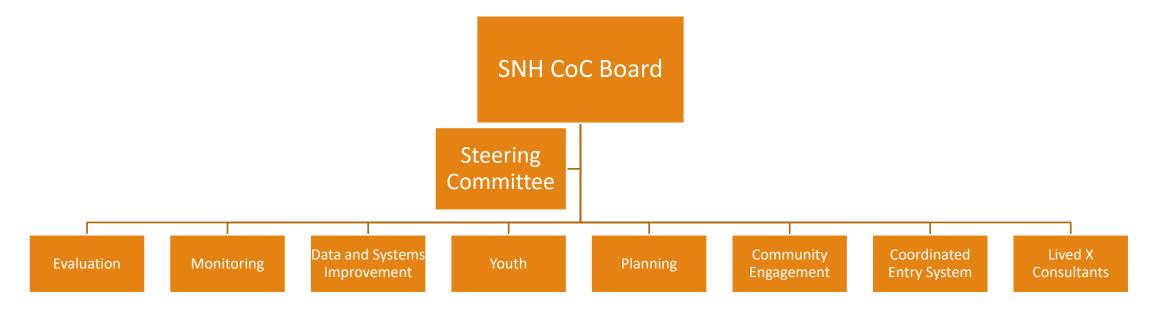

CoC Responsibilities and Duties

- Planning for a CoC's geographic area,
- Designating and operating a Homeless Management Information System, or HMIS, and
- Operating a CoC
 - Governance
 - System Operations
 - Coordinated Assessment
 - Written Standards
 - Performance expectations and monitoring

Collaborative Applicant

The Collaborative Applicant works with the Evaluation Working Group to prepare and submit the annual CoC Consolidated Application for funding on behalf of the CoC.

The Collaborative Applicant is the only eligible applicant to apply for HUD CoC Planning Funds on behalf of the CoC.

HUD Awards - Housing

Current Housing Interventions

Diversion

Emergency Shelter/Crisis Stabilization

1,188 beds (3 VA Beds)

Bridge Housing

151 beds (varies; dependent on caseload size)

Transitional / Rapid-Rehousing

687 TH Beds (317 VA Beds) 1,403 RRH Beds (174 VA Beds)

Permanent Supportive Housing

2,317 Beds (1,512 VA Beds)

from
homeless
services by
providing
assistance so
they can
maintain
housing

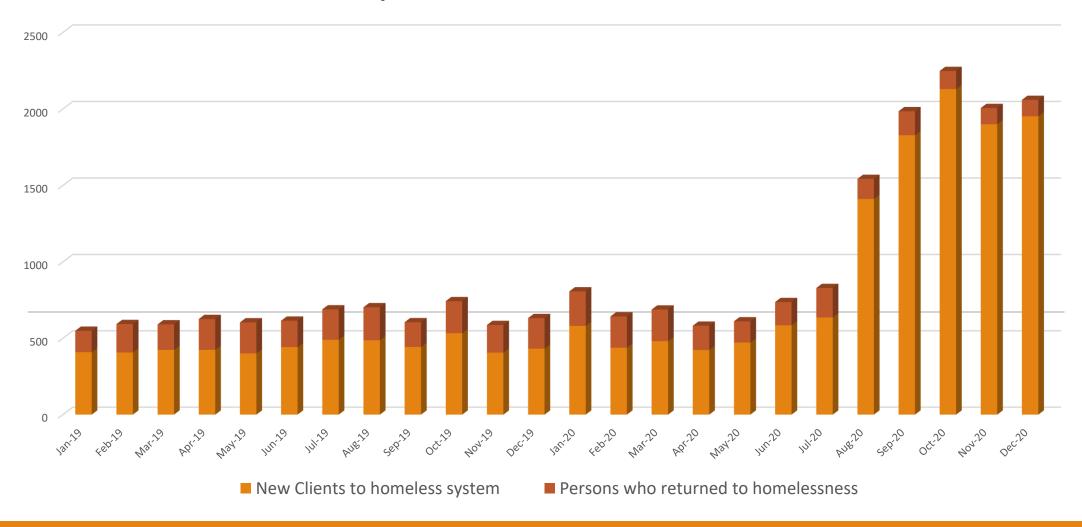

Improve the capacity of the crisis stabilization and emergency shelter system and connect to supportive housing

Provide immediate housing and services for families eligible for housing programs

Assist families and youth move to self-sufficiency through flexible housing options and limited case management

Offer permanent housing options and intensive case management to families, youth and individuals

Homeless System Inflow via HMIS enrollment

Clark County Homelessness Initiatives

Our mission is to develop and maintain a healthy system of care to address the needs of persons experiencing housing crisis in Southern Nevada.

- Build upon work done by existing programs of the Southern Nevada Homelessness Continuum of Care (CoC)
- Address gaps in systems of care using non-federal funding
- Utilize flexible funding to drive innovative solutions

Goal 1

House all families and youth in the queue

Goal 2

 House system-involved families and youth impacting County Departments and Sister Agencies

Goal 3

 Expand engagement and shelter options/housing for persons experiencing unsheltered homelessness

Goal 4

 Address system gaps using non-federal funding and drive unique and innovative solutions

Non-Congregate Shelter (NCS)

HUD/CDC recommends NCS as best practice for social distancing Existing shelters reduced numbers served to meet new standards

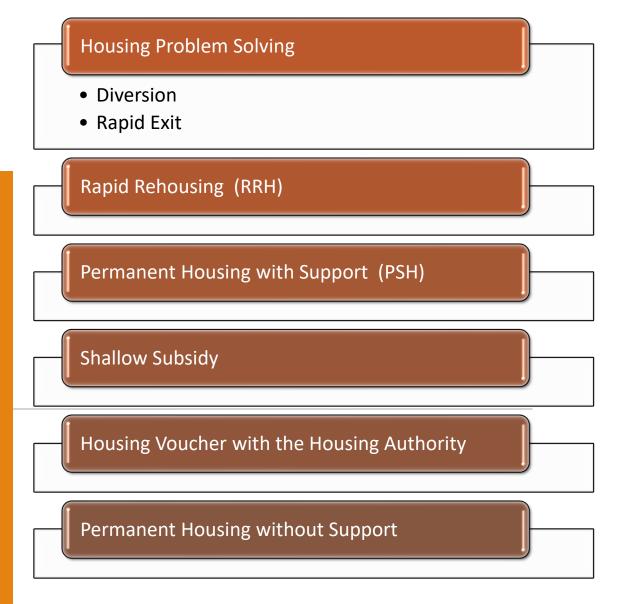

Agreements with hotels and service providers for high risk homeless

Expansion of NCS to offset use of hotels/motels when tourism resumes

Community-wide initiative:

- To house **2,022** of our community's persons experiencing homelessness
- ➤ That are at highest risk of negative impacts from COVID-19 by the end of 2022
 - ➤ through different pathways to permanent housing utilizing a client-centered, community, collaborative approach.

In Las Vegas, people genuinely believe that anything is possible. This self-confidence is rooted in people's individual experience and the collective story they tell. There is an unswerving sense of possibility upon which to create the future. As one person told us, "this is a community that does not know the words: It cannot be done."

Rich Harwood, Founder Harwood Institute for Public Innovation
