LETTER OF INTENT LOI

Is there any specific information you're looking for in the letter of intent or a specific format you'd like it in (in the body of the email, an attachment on letterhead, etc.)?

Instructions and a sample template can be found on the [RFQ Google Drive](#) and on [Help Hope Home](#) under Providers-Funding Opportunities-Youth Homeless Demonstration Program

Please clarify if we need to select only one project type?

You do not have to only select one project type if your agency is applying for multiple projects. If applying for multiple projects, please include that in the letter with a breakdown of each project (see template).

OPEN BIDDERS CONFERENCE

Could you please provide the location for the conference? Will there be a virtual attendance option? Is advance registration required?

The bidders conference is being held virtually via Teams [Join the meeting now](#). Advance registration is not required and this is an optional meeting.

Will conference attendees receive additional guidance or materials not included in the RFQ?

The virtual meeting will allow for an open dialogue of questions and answers. Notes will be taken and posted on the [Help Hope Home](#) website after the meeting.

Are there any upcoming information sessions or office hours available for prospective applicants?

There are no scheduled additional information sessions or office hours. Meetings can be scheduled on a case to case basis by contacting us via this email at helphopehome@clarkcountynv.gov. There will be a Frequently Asked Questions section on the [Help Hope Home](#) website that will be updated regularly with questions received by the community. This will be a great resource to check periodically.

Could you provide the direct link to the YHDP application portal on ZoomGrants?

Here is the direct link for the Zoomgrants application: [ZoomGrants](#) or <https://www.zoomgrants.com/zgf/snhcocydhp> (Both links work).

The RFQ mentions the application can be found on the Help Hope Home website - could you confirm the specific web address?
